		SHOW #	LENGTH	SYNOPSIS
A+	Roll Call: The Schertz, Texas, Shootout	057-0207	30 minute video plus course materials	A stretch of Interstate in Schertz, Texas was the site of a dramatic roadside shootout, when an assailant used an AK-47 assault rifle and a handgun to open fire on Officer Richard Kunz during a traffic stop. In this edition of Roll Call, Officer Kunz recounts the events of that night and talks about the training that saved his life.
A+	GIS: Providing the Foundation for Real-Time Intelligence, Part 1	405-0706	30 minute video plus course materials	Imagine having the floorplan of a large bank at the fingertips of law enforcement officers before responding to a robbery, the most direct route for firefighters to a wildfire, or a graphical representation of the most likely terrorist targets within a given geographical radius. Sound like science Fiction? Not anymore. GIS (Geographic Information System) technology provides first responders with real-time intelligence data in the form of maps, floor plans, photographs, and much more join us at we explain the basics of how this new technology works. This course also profiles Wilson, N.C., a growing city that has implemented GIS technology to make quicker, more informed decisions about how to prepare and respond to disasters.
A+	Armed and Dangerous	057-0705	30 minute video plus course materials	Law enforcement officers must respond to and resolve many different types of emergency situations. What if an emergency situation were almost impossible to stop or control? A person driving in an armored vehicle, military or civilian, and endangering innocent lives by using that armored vehicle as a weapon is one such situation. This course will examine the different types of armored vehicles that may be encountered and emergency measures that may be employed to bring a successful resolution to this type of situation. We will also examine criminals' use of personal body armor and the steps police officers can take to minimize the threat posed by these criminals.
A+	GIS: Providing the foundation for Real-Time Intelligence, Part2	405-0707	30 minute video plus course materials	GIS is a critical component of a sustainable planning process to establish terrorist prevention and mitigation strategies, effective response capability, expedient recovery and analyzing potential threats. This course examines technological solutions that make GIS applications readily available in times of disaster and explains how GIS applications play a vital role in disaster mitigation.
A+	Drug Raid Planning	163-0305	30 minute video plus course materials	Drug raids are among the most dangerous operations that you will undertake as a law enforcement officer. Preparation and planning are essential for a successful and safe raid. This course will take an in-depth look at how to plan and execute a drug raid.
A+	Legal Update: Special Interest Aliens	164-0405	30 minute video plus 2500 word course materials	Since Sept. 11, 2001, every officer in the country has been on alert for the next terrorist attack. Determining who is a potential threat is no easy task. Knowing what to look for and what to ask is crucial for every officer on the street. This program, in conjunction with the United States Department of Immigration and Customs Enforcement, will show investigative techniques to law enforcement officers that will help you determine if an alien from a special interest country potentially poses a terrorist threat to the United States.
A+	Terrorist Preparedness: Critical Incident Management	111-0207	30 minute video with course materials	This is the first in a series of training videos developed to assist the first responders of Montgomery County prepare for critical incidents. This program will illustrate the Montgomery County Incident Management System, explaining how the Montgomery County system supports the National Incident Management System, as prescribed by Presidential Directive. Their example can be adapted and applied in most regions.
A+	Calibre Presents Roll Call: Fit for Duty, Fit for the Heart	057-1105	30 minute video plus course materials	An estimated 20 percent of law enforcement officers cannot perform the strenuous and essential physical tasks required of the job. Understanding the need for physical fitness-as well as how to obtain it-will enable officers to perform those essential physical tasks.
A+	Calibre Presents Roll Call: Booby Traps	057-0905	30 minute video plus course materials	The drug dealer wants to protect his drug lab against other drug dealers and against you. He'll rig it with devices that can seriously injure or kill the unwary. Booby traps have long been employed by human beings to protect their turf. Police officers need to have a general understanding of how booby traps are designed and employed so they can be aware and defend against them.
A+	Recognizing Fraudulent Identification Documents	179-0167	30 minute video plus course materials	Today's computer technology affords the criminal/terrorist element with easy access to develop fraudulent identification and security documents. Join us as we learn what to look for and the government resources available to the investigation.
A+	Roll Call: Concealed Carry Tactics for Off-Duty and Plain clothes Officers	057-0208	30 minute video plus course materials	Whether working plainclothes, undercover, or carrying off duty, police officers who are carrying firearms concealed on a daily basis must have a solid understanding of the concepts of concealment and the tactics that are practical when deploying a handgun from concealment. Through a systematic methodology, officers will be exposed to new skills.
