

MARCH 2009 - TRAINING CALENDAR

		SHOW #	LENGTH	SYNOPSIS
A+	Calibre Presents Roll Call: Compartmental Searches	057-0107	30 minute video course materials	Drug smugglers are constantly adapting their methods in order to evade police detection. This program will examine the tools and methods currently being used to search passenger and commercial vehicles. We will identify common contraband concealment containers and identifiers of drug courier vehicles as well as the legalities and procedural use of K-9 units.
A+	Roll Call: Response to Armed Robbery	057-0407	30 minute video course materials	This course will discuss the various types of armed robbery and how each may affect the officer's response. Invisible deployment will be explained, as well as its importance for officer safety and response purposes. Various techniques for confronting subjects who have been identified as suspects leaving the scene of a robbery will be explained, as well as how an officer should respond to an armed robbery while off-duty. Procedures for officers to follow if confronted with a hostage situation as a result of an armed robbery will also be discussed.
A+	Traffic Stops and Racial Profiling: Officer-Motorist Interaction	111-0014	30 minute video course materials	Traffic stops are among the most common interactions between the public and the police. Unfair and illegal practices such as discriminatory profiling can have a major negative impact on the public perceptions of law enforcement. In this course, we identify methods to more effectively communicate with the public during traffic stops and identify ways to minimize conflict and maximize cooperation.
A+	Foot Pursuits	111-0608	30 minute video course materials	This course covers subtopics related to foot pursuits and the dangers associated with a foot pursuit. Areas covered include communications, positioning, use of the environment, use of back-up officers, and strategic pre-event planning.
A+	CART Teams	111-0508	30 minute video course materials	CART is an acronym for "child abduction response team." By definition, a CART is a team of individuals from various agencies, jurisdictions, and disciplines who are trained and prepared to respond to a missing, endangered, or abducted child. A CART activation is designed to leverage various resources to aid in the search and rescue effort and assist the agency of jurisdiction in its investigation.
A+	Corrections Digest II: Avoiding Jail Related Suits	186-0056	30 minute video course materials	This course continues an examination of issues critical to the operation of a correctional facility, focusing on the use of inmates as informants and steps you can take to avoid jail-related civil suits.
A+	Felony Stops	057-0608	30 minute video course materials	This course covers active thinking protocol for the successful execution of a high-risk traffic stop. Use of the environment, use of back-up officers, and strategic pre-event planning and critical thinking are addressed.
A+	Weapons of Mass Destruction: Decontamination	111-0607	30 minute video course materials	This course illustrates the Montgomery County Decontamination System and how the system supports both field and hospital applications as adopted by Montgomery County and the South Pennsylvania Terrorism Task Force. Their example can be adapted and applied in most regions.
A+	Defining Leadership	111-0707	30 minute video course materials	"Leadership is all about people. It is not about organizations. It is not about plans. It is not about strategies. It is about people motivating people to get the job done." This quote by General Colin Powell describes what real leadership is all about--individual actions and interactions with others. In this course, we define leadership and the attributes, skills, and process of leadership. We also describe the core competencies necessary for an individual to be successful, which include honesty, integrity, forward thinking, competency, and inspiration.
A+	Tire Tread & Tire Track Evidence Support	160-0012	30 minute video course materials	Tire tread evidence is one of the most often ignored pieces of evidence at crime scenes. This usually stems from lack of proper training in the recognition and preservation of this type of evidence. Renowned impression expert William Bodziak lends his knowledge and expertise to present the proper way to photograph and cast footwear and tire impression
A+	Roll Call: Pistolcraft-Untangling the Snakes	057-0707	30 minute video course materials	If you failed at doing something 85 percent of the time, would you consider yourself proficient at it? That is what police officers do in real word gunfights-they hit their intended target on ly 15 percent of the time. In this course, we look at how police officers are actually trained to do what they do with their pistols. We examine how the pistol training of today evolved into what it is, and we look at both the good and the bad. We also untangle the confusing system that pistol training has become and introduce you to the New Paradigm of Pistolcraft.
