

CORE

CSI: Tire Tread and Tire Track Evidence

160-0012

 Tire tread evidence is some of the most often ignored evidence at crime scenes. This usually stems from lack of proper training in the recognition and preservation of this type of evidence. Renowned impression expert William Bodziak lends his knowledge and expertise to present the proper way to photograph and cast footwear and tire impression evidence.

Crisis on Campus

185-0100

Law enforcement officials around the nation are constantly re-evaluating their response to school emergencies. This program offers an inside look at the Naperville (IL) Police Department's model and how they work closely with school officials.

SUPPORT

Calibre Presents Roll Call: Mobile Meth Labs

057-0805

  Methamphetamine production is all the rage and numerous states are enacting legislation to control precursors for making the drug. That may help in the long run, but today you face serious dangers when you come into contact with a meth lab. Dangerous and volatile chemical agents used in meth production can cause both short- and long-term illness and injury. Learn how to minimize unnecessary risks when encountering a meth lab.

Interview and Interrogation, Part 3 of 4: Adults vs. Juveniles

160-0805

 Interviewing and interrogating a juvenile requires special considerations. There are legal requirements that must be observed as well as specific techniques that will help you get the most information from your suspect. This program looks at how you can effectively

interview and interrogate a juvenile while staying within the boundaries of the law.

FIRSTaid: Emergency Childbirth

070-0805

  Although childbirth is a rare event in your day-to-day activities, you may one day find yourself delivering a new life into the world. This course helps prepare you for that moment. We cover the anatomy of pregnancy, the stages of labor, signs and symptoms of an imminent delivery, management of normal childbirth, care of the newborn, and delivery complications.

Legal Update: Virginia v. Black

165-0008

 In April 2003, the United States Supreme Court decided the case of *Virginia v. Black*. In this case, the court sought to answer the question: does a state statute that bans cross burning with intent to intimidate violate the First Amendment right of freedom of expression? The Court ruled that such a statute is constitutional within the meaning of the First Amendment. Join us as we review this case.
Digital Crime

Computer Forensics: Advanced Techniques

152-0006

 This program introduces storage media beyond the hard drive and procedures for analyzing them. We'll look at the fundamental understanding of hard drive technology in order to prepare you, the investigator if you are called to court and asked to explain the source of the information recovered. Expanding upon the basic procedures outlined in storage forensic fundamentals, we'll examine the industry standard for forensic packages.

CLASSIC

Conducting Traffic Stops, Part 1 of 2

163-0002

 This course provides information on what can be expected during the course of a traffic stop. Particular emphasis will be placed on how to detect criminal activity, current legal issues, and the broad importance of traffic stops as a function of law enforcement.

HOMELAND SECURITY

Homeland One Awareness Level—CIP: Determining the Need for Protection

947-1012

 Each jurisdiction needs to look seriously at protecting their critical infrastructure. This program will aid the viewer in the understanding the critical infrastructure protection process and show how the emergency service agencies in and around the city of Charlottesville, Virginia are successfully implementing the process together. Based on ODP guidelines.
