

SUPPORT**NEW** **Calibre Presents Roll Call: Booby Traps**

057-0905

A+  The drug dealer wants to protect his drug lab against other drug dealers and against you. He'll rig it with devices that can seriously injure or kill the unwary. Booby traps have long been employed by human beings to protect their turf. Police officers need to have a general understanding of how booby traps are designed and employed so they can be aware and defend against them.

NEW **Interview and Interrogation, Part 4 of 4: Special Populations**

160-0905

A+  Interviewing and interrogating special members of the population requires extra attention from law enforcement. Whether it's dealing with a language barrier, the mental capacity of the suspect, or a hearing or speech impairment, your department needs to be able to handle any situation that arises. This program will examine how you can effectively interview or interrogate these people.

NEW **FIRSTaid: Sudden In-Custody Death Syndrome**

070-1005

A+  Sudden In-Custody Death Syndrome is a major concern for all officers facing violently resisting individuals. This edition of *FIRSTaid* takes an in-depth look at this controversial issue. You'll learn how to assess who's at risk, how to handle at-risk individuals, and how to minimize your risk in subduing the subject.

NEW **HazMat Awareness, Part 1 of 8**

162-0201

A+  Hazardous materials awareness is required of every responder every year. This program kicks off our eight-part series, which meets the OSHA and EPA requirements. The series consists of the video programs (also available in your choice of VHS, DVD, or CD-ROM) with lesson plans and tests to measure the student's learning. Be sure that your department trains on every segment of this national-level training.

A+ **Legal Update: Sex Offender Registration**

165-0009

A+  This installment of *Legal Update* examines two recent U.S. Supreme Court cases addressing the issue of sex offender registration: *Smith v. Doe* and *Public Safety v. Doe*. In both cases, the Court upheld the practices of the government. This module also reviews two other recent U.S. Supreme Court cases dealing with conspiracy: *U.S. v. Recio* and *Scheidler v. National Organization for Women* to find out: Does requiring sex offenders to register violate the 14th Amendment?

A+ **Digital Crime Hackers, Part 1 of 2**

152-0008

A+  Regardless of our understanding of law, hackers will act based on their understanding of the appropriate behavior. This program introduces the world of hackers by looking at several issues of importance to hackers themselves. This knowledge can help investigators predict, understand, and communicate with members of the digital underground.

A+ **Tactical Patrol Vehicle Search, Part 1 of 2**

163-0006

A+  This lesson is the first of a two-part series on vehicle searches. Part 1 focuses on three types of vehicle searches: frisk, search incident to arrest, and consent. We examine the legal requirements and the permissible scope applicable to each of these searches. In Part 2, other types of vehicle searches are discussed, including plain-view seizures, motor vehicle inventory searches, and motor vehicle searches based on probable cause.

A+ **Emergency Preparedness & WMD Post-Blast Investigation, Part 1 of 2**

162-0014

A+  This lesson is the first part of a series on Post-Blast Investigation, based on the Bureau of Alcohol, Tobacco and Firearms State and Local Post-Blast Investigation training. Part 1 covers the types and effects of the most common bomb-making materials and how to identify what was used in a crime. We will

also discuss logistics and safety issues as related to explosion investigations.

CLASSIC**A+** **Conducting Traffic Stops, Part 2 of 2**

163-0003

A+  In part two of our series on traffic stops, we focus on the importance of a complete traffic stop, traffic stop techniques, and officer safety.

HOMELAND SECURITY**A+** **Homeland One Awareness Level CIP: Identifying Critical Infrastructures**

947-1013

A+  What will happen if terrorists target our food supply? How prepared is law enforcement to investigate incidents of agri-terrorism? We must protect this valuable resource, but how? Join us as we take a look at protecting our "breadbasket."
